

FORMER MARSHAL HELD IN BOOZE PLOT

Bollschweiler, Also One-Time
Mayor of Perth Amboy,
Charged as Smuggler.

Albert Bollschweiler, recently a United States Marshal and once Mayor of Perth Amboy, N. J., was placed under \$5,000 bail yesterday on charges of conspiracy to smuggle liquor and violation of the Volstead act. Bollschweiler, with nine others, is alleged to have had an interest in the voyage of the tug Harbinger, which ended February 8 at Perth Amboy, the tug's last port of call on her way down from St. John, N. H., with a cargo of 200 cases of brandy and whiskey. The Harbinger was supposed to be headed for the Bahamas, but customs officers seized her at Perth Amboy after an attempt was made to remove her cargo.

Soon after bail was furnished for Bollschweiler by Joseph Massopust of Perth Amboy he sailed for Germany aboard the Seydlitz under an arrangement with the United States Attorney at Trenton. He is accompanied by his wife and has promised to return to this country within six weeks.

According to Fred M. P. Pearce, Assistant United States Attorney, the defendant attempted to bribe John Reagan, Deputy Collector of Customs at Perth Amboy, offering \$1,000 for the privilege of landing the liquor. Tuesday, Mr. Pearce said, Bollschweiler called him on the telephone and said he knew he was under suspicion. He wanted to know if the Federal authorities would prevent him from sailing for Germany, adding that he did not wish to leave the country with any charges pending against him. Later, Mr. Pearce swore out the warrant.

H. C. Cone, prohibition enforcement agent, told the Grand Jury at Trenton yesterday that the liquor seized on the Harbinger consisted of the finest Scotch whiskey and French brandy obtainable. Bollschweiler retained as United States Marshal January 13, after he had held the position for eight years.

Ralph A. Day, State prohibition director, announced yesterday that in February he had issued permits for 21,000 gallons of liquor, 10,000 gallons more than in January. The reason for the increase, the director said, was the influenza epidemic. Mr. Day said that of the 137 wholesalers and retailers who had withdrawal permits last month seventeen have had their permits revoked.

'DAPPER DON' COLLINS HELD AS RUM RUNNER

Wife Also Indicted in Activities of Yacht Nomad.

PHILADELPHIA, March 1.—"Dapper Don" Collins, wanted in several cities on charges ranging from blackmail to attempted murder, and Helen Coleman, said to be his wife, were indicted by the Federal Grand Jury to-day on charges of having violated the Volstead act.

Collins was named in the indictment as the "mysterious skipper of the gas yacht Nomad," which, it was alleged, landed along the Atlantic coast several cargoes of liquors from the British West Indies.

With his wife and three other men, said to constitute the crew, Collins was specifically charged with having imported 1,000 bottles of liquor into this country without a permit.

DONEGAN VERDICT IS ORDERED SEALED

Jury Went Out at Noon Yesterday—Rosenfeld's Cousin a Juror.

After deliberating for six hours without reaching a verdict in the case of Edward Donegan and Miss Regina Sassone, charged with irregularities in the liquor traffic, the jury was ordered yesterday by Federal Judge Edwin Y. Webb to return sealed findings.

At 6:30 last night the Judge adjourned court until 10:30 this morning. While the jury was deliberating Prosecutor David V. Cahill admitted that Henry Briefer of 92 St. Nicholas avenue, a cousin of Sigmund ("Beansy") Rosenfeld, who died recently and was jointly indicted with the other defendants, occupied seat number six in the jury box.

"When interrogated by me as to his fitness to serve as a juror," said Prosecutor Cahill, "Mr. Briefer volunteered the information that he was related to Rosenfeld. That admission did not influence me adversely against the defendant and I accepted him as a juror. Mr. Briefer is a retired business man and during his examination for jury duty said he had not seen Rosenfeld for ten or twelve years."

Rosenfeld was accused of offering a bribe of \$25,000 to Government agents when he, Miss Sassone, Donegan and Mrs. Mary A. Parkins were arrested at the Hotel McAlpin on December 29, 1921. He is alleged to have asked the agents to allow the prisoners their liberty and to destroy the evidence seized and later introduced in the court records at the present trial.

Judge Webb spent two hours charging the jury yesterday. In referring to the signed confession of Miss Sassone, in which she said Donegan had paid her \$100 for each telegram she took from prohibition headquarters, or about a total of \$3,000, Judge Webb said:

"I can see nothing in this case that will induce you gentlemen not to believe the confession or the statements of the Government officers regarding it. You are absolutely the judges of this case and I hope my opinion will not have any bearing in this matter."

A mass meeting was held last night at Town Hall under the auspices of the National Association for the Advancement of Colored People to urge support for the Dyer anti-lynching bill, which was passed by the House of Representatives on January 26 and is now before the Senate. Representative L. C. Dyer of Missouri, author of the bill, said:

"It is a simple question of whether the guilt or innocence of a man or woman shall be determined by a mob or by the courts."
